- **Purpose** - to encourage staff to identify likely hazards, agree good practice, and apply consistent standards. Follow suggested procedure below (or similar):
- **Select and print off** - all relevant and helpful forms (according to the type of visits and activities normally organised during the year)
- **How many?** - one set of forms for small staff teams - or one set per department for large staff teams.
- **Complete draft forms** - initially by one or two staff with appropriate experience;
- **Staff meeting 1** - introduce and leave draft forms in a file for all relevant staff (i.e. those who organise or help lead such visits) to inspect and consider over a short period (e.g. a week).
- **Staff meeting 2** – discuss, amend, and agree main hazards and standard practice with all relevant staff (add names and initials in table below to indicate acceptance).
- **Staff members who cannot agree** with the general consensus should complete their own risk assessment, but this must be agreed and approved by the Principal
- **Check and approve** - by line manager/head of dept and/or visits coordinator (add approval signatures in table below).
- **Store** - in a marked file in a clearly known and accessible place (e.g. staff room or dept office).
- **How often?** - forms that apply to all visits (e.g. “All Educational Visits”) or to regular/frequent visits (e.g. “Visits to Museums”) should be completed once, then reviewed, amended, signed and dated annually.
- **Additional forms** – that apply to occasional/one-off visits (e.g. “Overseas Visits”) can be completed when required – these should be reviewed, amended, signed and dated whenever such visits are planned.
- **Keep familiar**- with the agreed practice, and refer to forms as a reminder before visits if necessary (especially for activities that are less frequent or familiar to staff).
- **New leaders and volunteers** – should be asked to read all relevant forms and add their signed agreement before assisting with the organisation or leadership of a visit.
- **Review and amend** – by all relevant staff annually (or more often if necessary), and immediately if new hazards are identified or new precautions deemed necessary.
- **Stop** - this type of visit/activity if the level of risk is considered unmanageable and unacceptable.
- **Flexibility** – may be acceptable on occasion, if staff can reasonably justify their actions.
- **Specific Visit Risk Assessment** - is also required for each visit to address any extra issues relevant to the specific site/group/activities involved
